

AlphaFlash® Corporate News Germany

Trade on the fastest feed of unscheduled German corporate financial data

AlphaFlash® Corporate News Germany

Deutsche Börse's AlphaFlash® Corporate News Germany feed provides machine-readable unscheduled corporate financial data to automated traders, analysts, asset managers, hedge funds and risk managers operating in an automated, low latency trading and risk management environment. The information is made available in machine-readable format via multi-cast and TCP and can be used to set algorithms to execute or to halt algo trading.

Key Benefits

- Fastest access to machine-readable unscheduled German corporate financial data
- Designed for easy direct integration into trading algorithms
- Available in data centers across the globe

Data Coverage

The Corporate News Germany data package currently covers the following financial data taken from regulated ad-hoc disclosures according to §15 of the German Securities Trading Act:

- Earnings guidance
- Profit warnings
- Dividend proposals/announcements
- Earnings per share (EPS)/loss per share
- EBIT/EBITDA
- Free cash flows
- Operating profit/loss
- Revenues/sales/turnover
- Tier 1 capital ratios/solvency ratios

Company Coverage

The machine-readable information is provided for a universe of around 100 of the most liquid and impor-

tant blue chip, mid-cap, small-cap and high-tech stocks listed in Germany. These companies are constituents of the German DAX®, MDAX®, SDAX® and TecDAX® indices. Together, they represent roughly 80% of trading volume on Xetra®.

Speed and Quality

The Corporate News Germany data feed combines advanced semantic technology with rigorous quality control processes. By using the AlphaFlash® ultra low latency infrastructure, Deutsche Börse delivers the data, immediately following the official release, faster than any other service.

Global Connectivity Options

Chicago, Secaucus (New Jersey), Washington DC, Sao Paulo, London, Frankfurt, Sydney, Tokyo and Singapore.

30-day Free Trial

AlphaFlash® is available for a 30-day free trial.
