

# Brexit transition plans

## Have you thought about ...

### Notes

- 1) Ideally, one contact person covers all different markets (Eurex Derivatives, Xetra, Eurex Repo® etc.).
- 2) In case, existing connectivity lines are going to be reused, this point is not applicable.
- 3) From Eurex Clearing AG perspective cash and settlement accounts can be shared between members. Please be aware that pledge accounts for the provision of collateral in form of securities have to be in the name of the clearing member.
- 4) Eurex Clearing AG is going to share a migration calendar with members indicating dates still available for migration.
- 5) New member ID(s) would be defined at this point.
- 6) Traders can be registered only with one legal entity; hence, in case of traders transferred to a new entity, such traders must be terminated under the former one.

### Minimal requirements for legal admission:

- For a **clearing member**:
- At least one trader per market
  - QBO
  - QCS
  - CCP user
  - C7® user @Extract user
  - T7® admin user
  - Contact persons

### Minimal requirements for legal admission:

- For a **trading member**:
- At least one trader per market
  - At least one QBO per market
  - At least one nominated person per market
  - At least one Security Coordinator per market
  - E-mail authority
