Software Registration User Guide

1. Introduction

The Member Section serves as a portal solution for customers across almost all business segments of Deutsche Börse Group. It is the primary access point for clients to engage with Deutsche Börse and interact with our service

Please note, the information in this document is subject to change without notice. Please make sure to always use the latest version available on the following website: [Member Section Support](#).

1.1 Aim of the guide

This guide is here to help you use the Software Registration functionality available in the Member Section with detailed step by step instructions for:

- Registering new software
- Copying the existing software for another market
- Decommissioning registered software
- Managing the registered software

1.2 Technical requirements

To familiarize yourself with the technical requirements for the Member Section, please visit the following link for more details: [Technical requirements](#).

For a list of known limitations please refer to the following webpage: [Member Section Support](#).

Member Section

Registration of New Software

2. Registration of New Software

To have access to the Software Registration app, the user is required to have an active Member Section account and respective Member Section permissions. For the ISVs to view this app, the registration via ISV Registration app should be successfully completed.

For more information regarding the ISV Registration process, please refer to the respective guide: [ISV Registration User Guide.pdf](#)

Step 1

- Access the Member Section via: <https://membersection.deutsche-boerse.com>
- Click on LOGIN.

Example below (Fig 1):

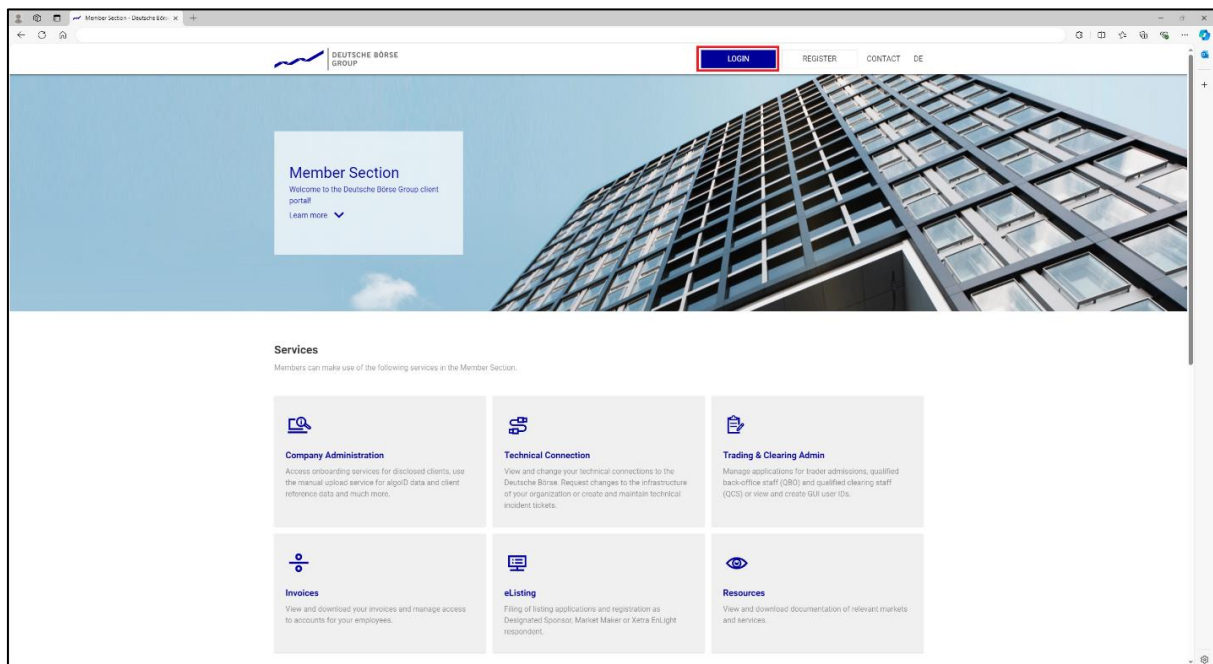

Fig 1: Member Section Login page

Step 2

- Please enter your login credentials (email address and password).
- Click on LOG IN.

Example below (Fig 2):

Fig 2: Member Section Login page

Step 3

- Please select COMPANY ADMINISTRATION on the left-hand navigation. (1)
- Click the tile 'Software Administration'. (2)

Example below (Fig 3):

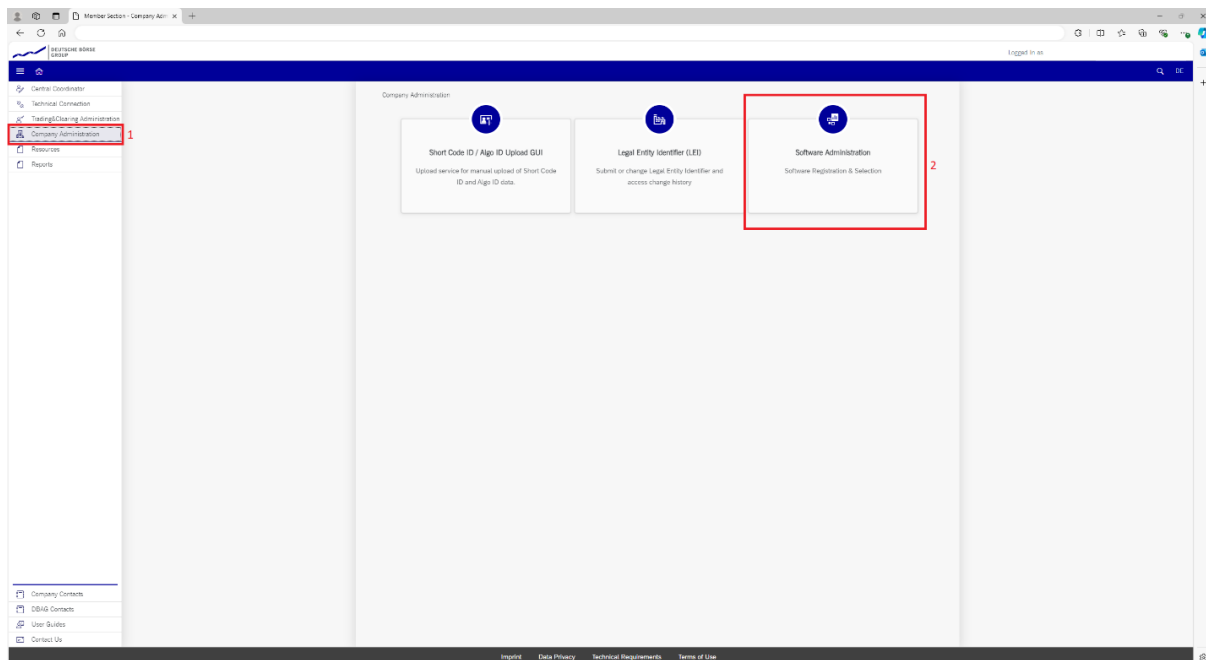

Fig 3: Software Administration selection

Step 4

- Click the Software Registration tile to start the software registration process.
Example below (Fig 4):

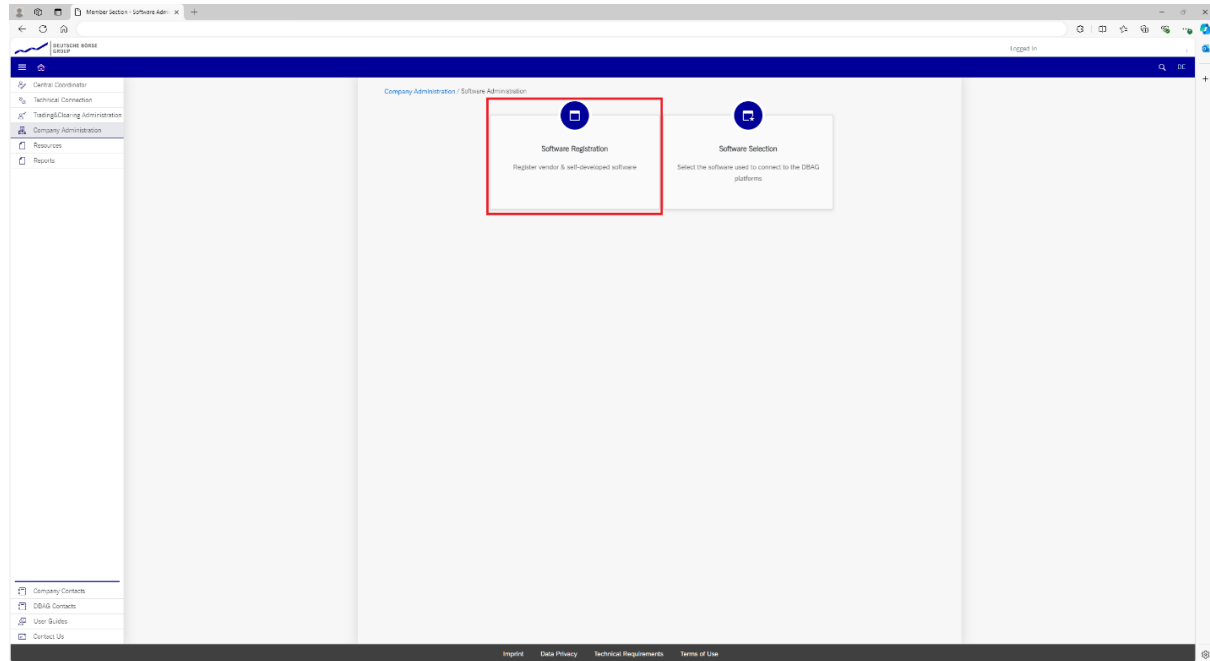

Fig 4: Software Registration Selection

Step 5

- Click the REGISTER SOFTWARE button to register new software.

Example below (Fig 5):

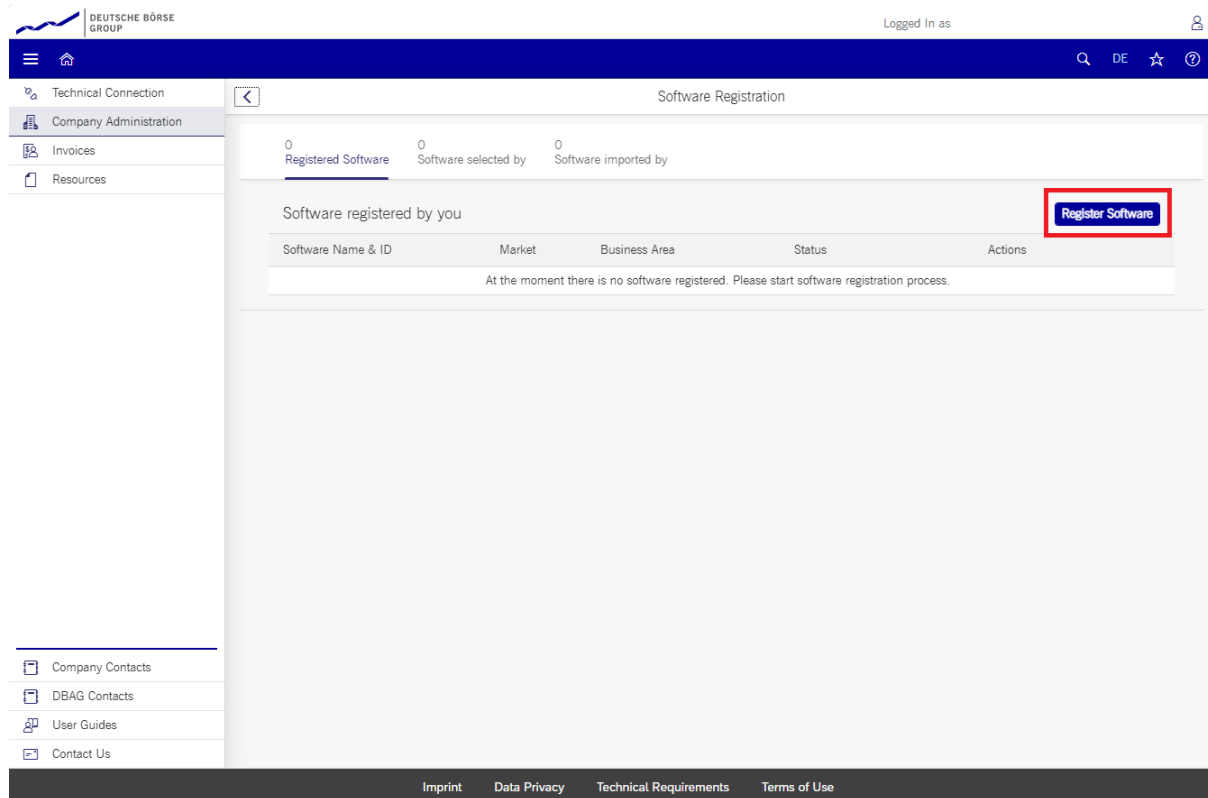

Fig 5: Register Software selection

Step 6

- Under GENERAL DATA form, you can specify the Software name, the Market, the Business Area, and the Environment.

Please note that multiple selection is not supported at the market level. To register the same software for a different market, use the "Copy" function after completing the initial registration. Refer to chapter 3 for detailed instructions on the "Copy" function.

- Please select the correct data for the Software that is being registered.

Example below (Fig 6):

The screenshot displays the 'Software Registration - TEST' interface. The 'General Data' section is highlighted with a red box and contains the following fields:

- *Software Name: TEST
- *Supported Market: Eurex Clearing
- *Business Area: Clearing x | Trading x
- *Environment: Production x

At the bottom right of the form, there are 'Cancel' and 'Next' buttons. The footer contains links for 'Imprint', 'Data Privacy', 'Technical Requirements', and 'Terms of Use'.

Fig 6: Software Registration General Data view

Step 7

- In the Details page, you can decide if the software should be available for other Deutsche Boerse clients (1).
Please note that if software is flagged as 'available', it will be visible and selectable by the other Deutsche Boerse clients via the Software Selection app.
 - Please specify the category or target area for your software (2).
 - In the Additional Fields section, you can provide details on your software's management practices (e.g., hosted/cloud/on premise) and, optionally, upload any relevant documentation, such as software license, versions, or manuals (3).
 - Click on NEXT.
- Example below (Fig 7):

The screenshot displays the 'Software Registration - TEST' interface. The left sidebar contains navigation options: Technical Connection, Company Administration (selected), Invoices, Resources, Company Contacts, DBAG Contacts, User Guides, and Contact Us. The main content area is titled 'Software Registration - TEST' and features a breadcrumb trail: General Data > Details > Middle Office > Back Office > Market Data. The 'Details' step is active.

Three sections are highlighted with red boxes and numbered:

- 1:** 'Provision for Clients' section with the question: '*Should the software be available for other Deutsche Börse Clients?'. It has radio buttons for 'Yes' (selected) and 'No'.
- 2:** 'What is the software related to?' section with four questions:
 - *Front Office Application: Yes (selected) / No
 - *Middle Office Application: Yes (selected) / No
 - *Back Office Application: Yes (selected) / No
 - *Market Data Application: Yes (selected) / No
- 3:** 'Additional fields' section with a dropdown menu for '*How is the software managed?'. The selected options are 'Hosted/Cloud service x' and 'On premise x'. Below it is a 'Document Upload' field with a 'Browse...' button and an 'Uploaded Document:' label.

At the bottom right, there are 'Cancel', 'Back', and 'Next' buttons. The footer contains 'Imprint', 'Data Privacy', 'Technical Requirements', and 'Terms of Use'.

Fig 7: Software Registration Details Selection view

Step 8

- On these pages, you can specify which functionalities and/or interfaces your software is capable to support.
- Complete the data fields corresponding to the Front Office (Fig 8), Middle Office (Fig 9), Back Office (Fig 10), and Market Data Application (Fig 11).
Please note that these pages will be offered according to the office functions you have previously selected.
- Click on NEXT and then click on REVIEW.

Examples below (Fig 8, Fig 9, Fig 10, Fig 11):

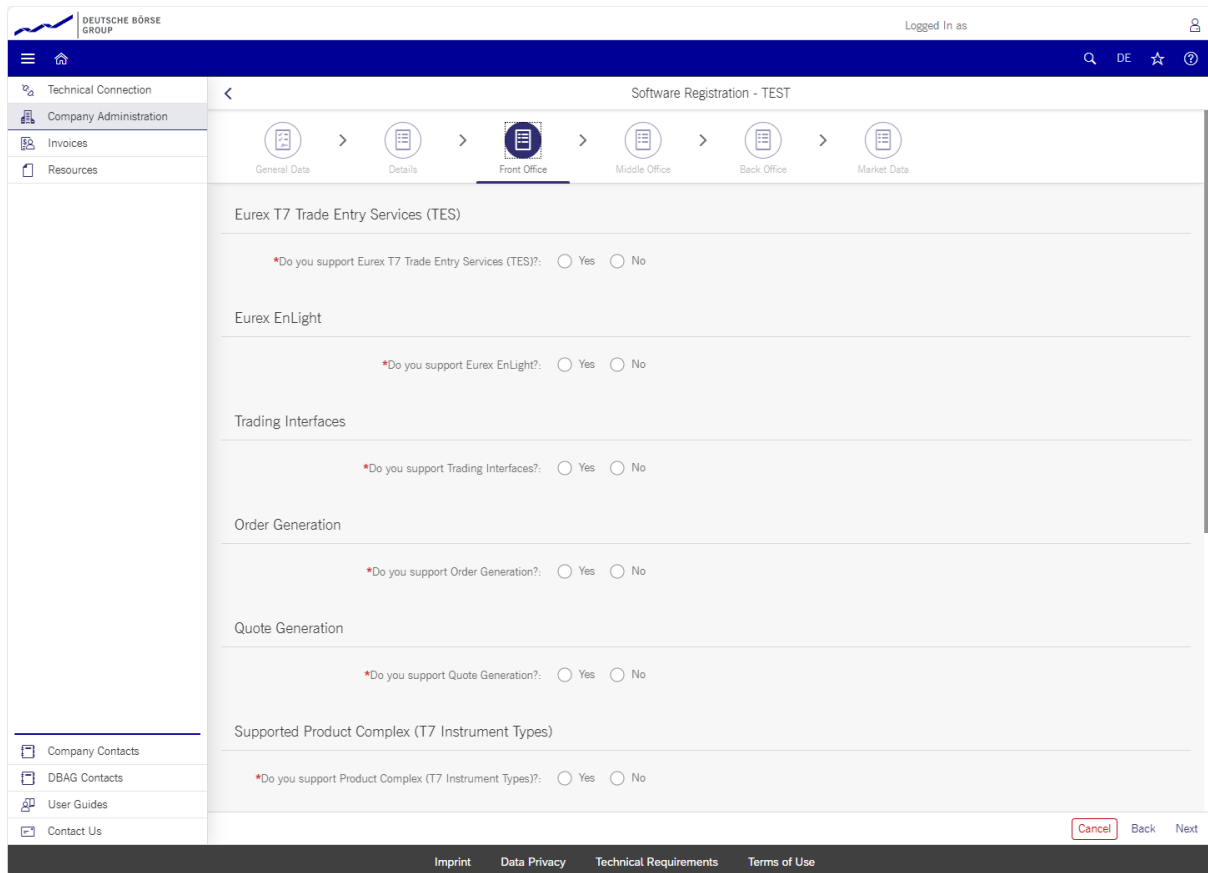

Fig 8: Software Registration Front Office Functionality view

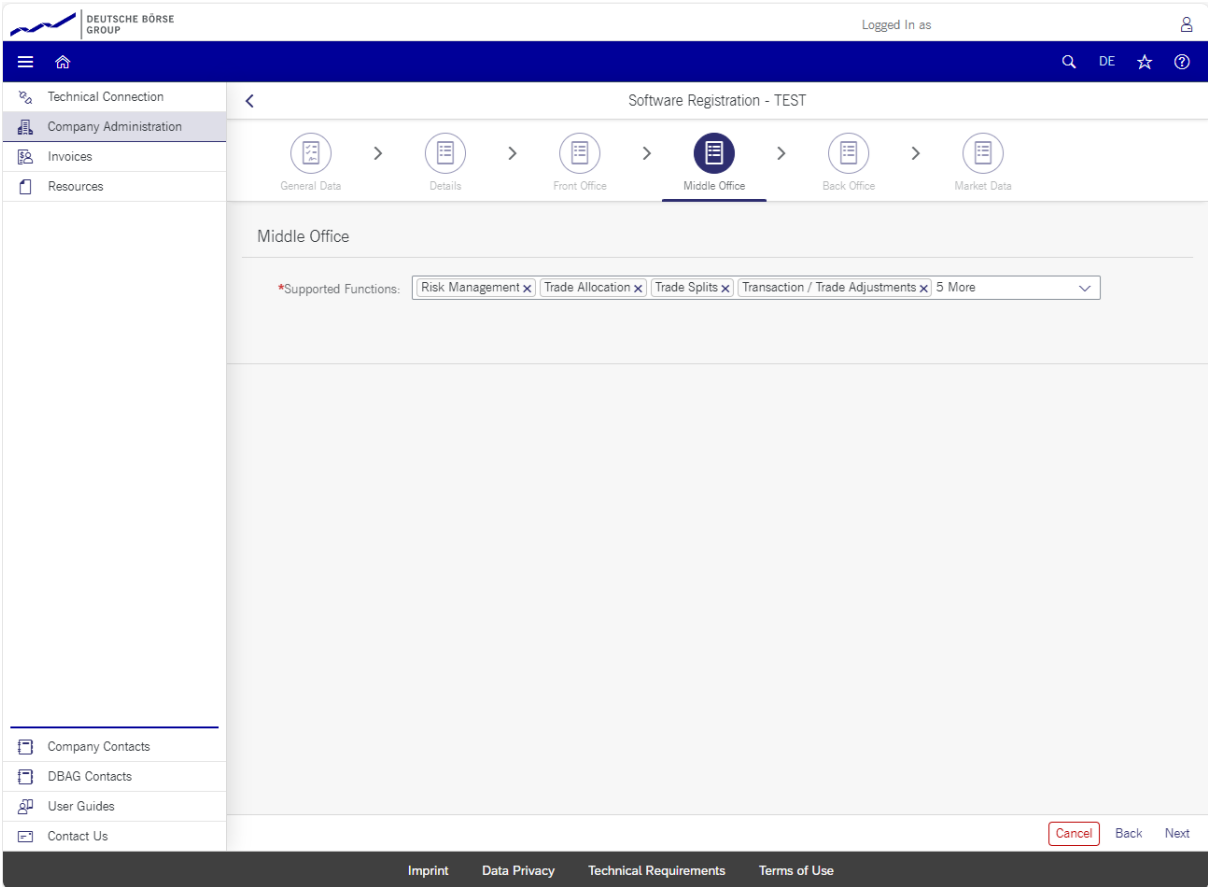

Fig 9: Software Registration Middle Office Functionality view

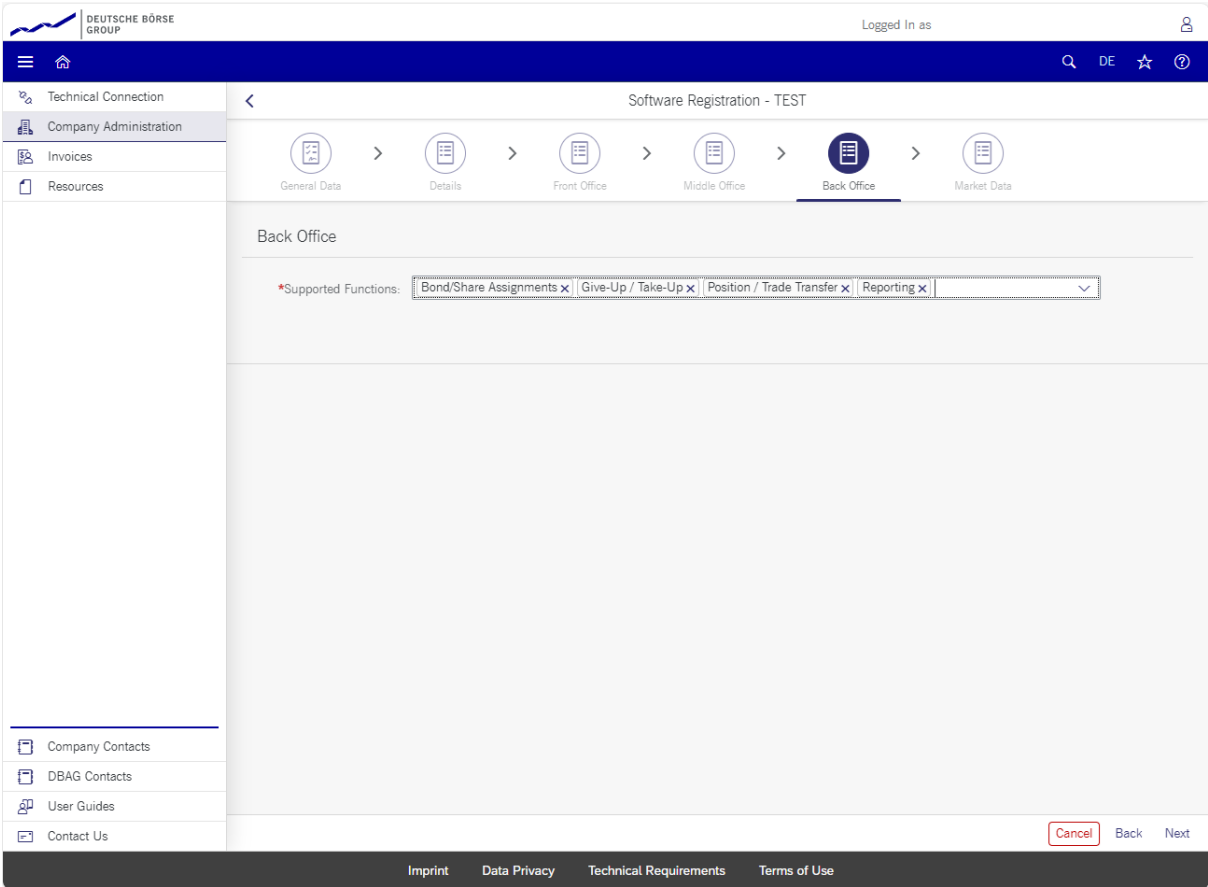

Fig 10: Software Registration Back Office Functionality

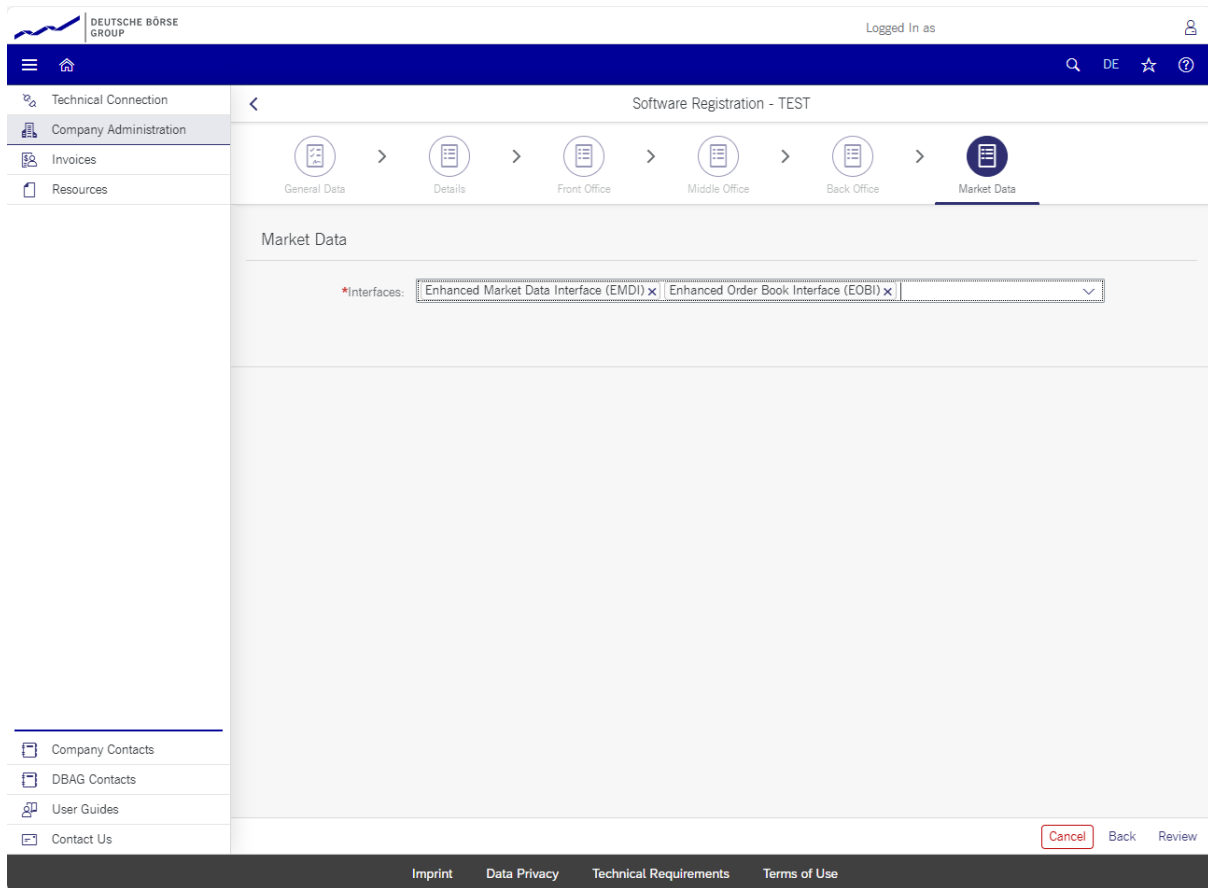

Fig 11: Software Registration Market Data Functionality view

Step 9

- The Review page provides a complete overview of the data entered during the software registration process.
- You can still edit entries if needed.
- Click on SUBMIT to complete the Software Registration.

Example below (Fig 12):

Step 10

- You will receive a confirmation message after submitting your software registration application.
- Below, you will find buttons to register new Software, view the software you just registered, or access the complete software list.

Example below (Fig 13):

The screenshot shows the Deutsche Börse Group user interface. The top navigation bar is dark blue with the logo on the left and 'Logged In as' on the right. A sidebar on the left contains menu items: Technical Connection, Company Administration (highlighted), Invoices, Resources, Company Contacts, DBAG Contacts, User Guides, and Contact Us. The main content area has a header '31917 - TEST' and a large grey box with a checkmark icon and the text 'Successful Registration'. Below this, it states: 'The software was successfully registered at Deutsche Börse AG. You can now import this software for other entities of your company and/or inform your customers that they can select your software. The software was selected for you already. This process may take a few minutes. The software ID is 31917.' At the bottom of this box, three buttons are highlighted with a red rectangle: 'Register another Software', 'Show this Software', and 'Show all your Software'. The footer contains links for 'Imprint', 'Data Privacy', 'Technical Requirements', and 'Terms of Use'.

Copy Functionality

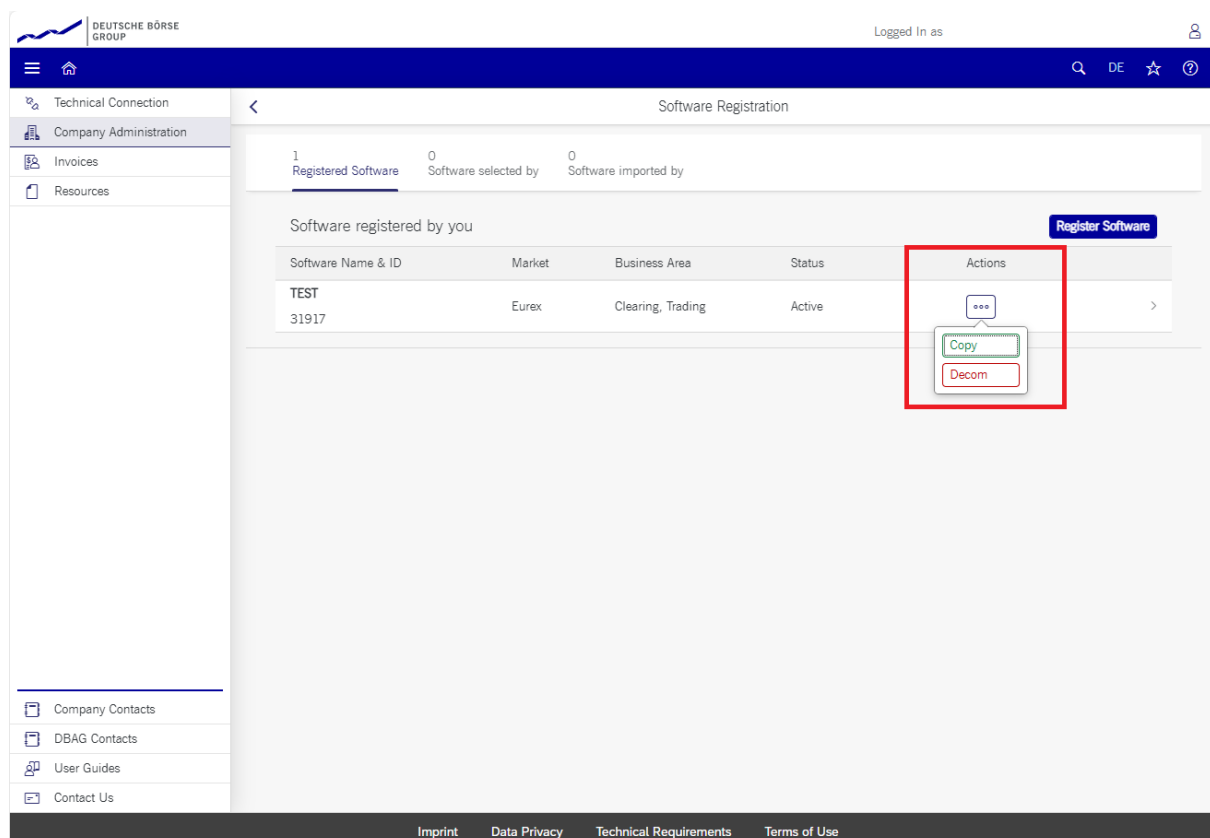

3. Copy functionality to add another market

Copy functionality allows the user to quickly register the existing software for another market. Based on the market and business area selection, additional information regarding the supported functionalities needs to be provided during this registration process.

Step 1

- To copy the already registered software for another market, in the Registered Software view, click the three-dot button under Actions column of the desired software.
- Click on COPY button.

Example below (Fig 1):

The screenshot displays the 'Software Registration' page. At the top, there is a navigation bar with the Deutsche Börse Group logo and a 'Logged In as' indicator. Below the navigation bar, a sidebar on the left contains menu items: Technical Connection, Company Administration, Invoices, Resources, Company Contacts, DBAG Contacts, User Guides, and Contact Us. The main content area shows a summary of software statistics: 1 Registered Software, 0 Software selected by, and 0 Software imported by. Below this, a table lists software registered by the user. The table has columns for Software Name & ID, Market, Business Area, and Status. A single entry is shown: 'TEST 31917' registered on the 'Eurex' market in the 'Clearing, Trading' business area with a status of 'Active'. To the right of the table is an 'Actions' column containing a three-dot menu icon. A red box highlights this menu, which is open to show two options: 'Copy' (highlighted in green) and 'Decom' (highlighted in red). A 'Register Software' button is located at the top right of the table area. At the bottom of the page, there is a footer with links for Imprint, Data Privacy, Technical Requirements, and Terms of Use.

Software Name & ID	Market	Business Area	Status	Actions
TEST 31917	Eurex	Clearing, Trading	Active	<ul style="list-style-type: none">CopyDecom

Fig 1: Software Registration Copy Selection

Step 2

- In the General Data view, you can add the desired additional market for the existing software. You can also edit Business Area and Environment for this software if needed.
- Click on NEXT.

Example below (Fig 2):

The screenshot displays the 'Software Registration - TEST' interface. The left sidebar contains navigation options: Technical Connection, Company Administration, Invoices, Resources, Company Contacts, DBAG Contacts, User Guides, and Contact Us. The main content area is titled 'General Data' and contains the following form fields:

- *Software Name: TEST
- *Supported Market: Eurex Clearing
- *Business Area: Clearing x, Open Access x, Trading x
- *Environment: Production x, Simulation x

A red box highlights the Business Area and Environment sections. At the bottom right, there are 'Cancel' and 'Next' buttons. The footer contains links for Imprint, Data Privacy, Technical Requirements, and Terms of Use.

Fig 2: Software Registration General View Market Addition

Step 3

- In the Details page, you can decide if the software should be available for other Deutsche Boerse clients (1).
Please note that if a software is flagged as 'available', it will be visible and selectable by all Deutsche Boerse clients in the Software Selection app.
- Please specify the category or target areas for your software (2).
- In the Additional Fields section, you can provide details on your software's management practices (hosted/cloud/on premise) and, optionally, upload any relevant documentation, such as software license, versions, or manuals (3).
- Click on NEXT.

Step 4

- On these pages, you can specify which functionalities and/or interfaces your software is capable to support.
 - Complete the data fields corresponding to the Front Office, Middle Office, Back Office, and Market Data Application.
Please note that these pages will be offered according to the office functions you have previously selected.
 - Click on NEXT and REVIEW.
- Examples below (Fig 4):

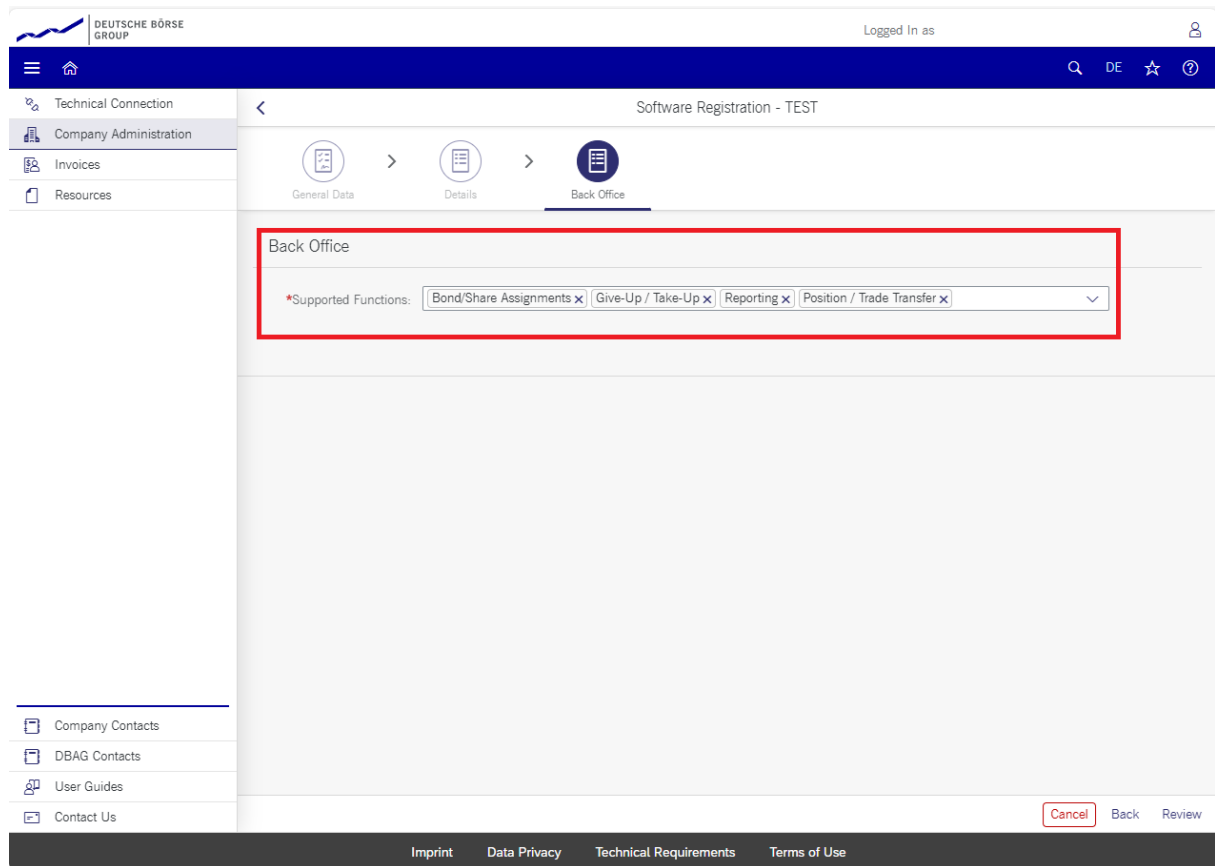

Fig 4: Market Addition Back Office Functionality view

Step 5

- The Review page provides a complete overview of the data entered during the software registration process.
- You can still edit the entries if needed.
- Click on SUBMIT to complete the software registration.

Example below (Fig 5):

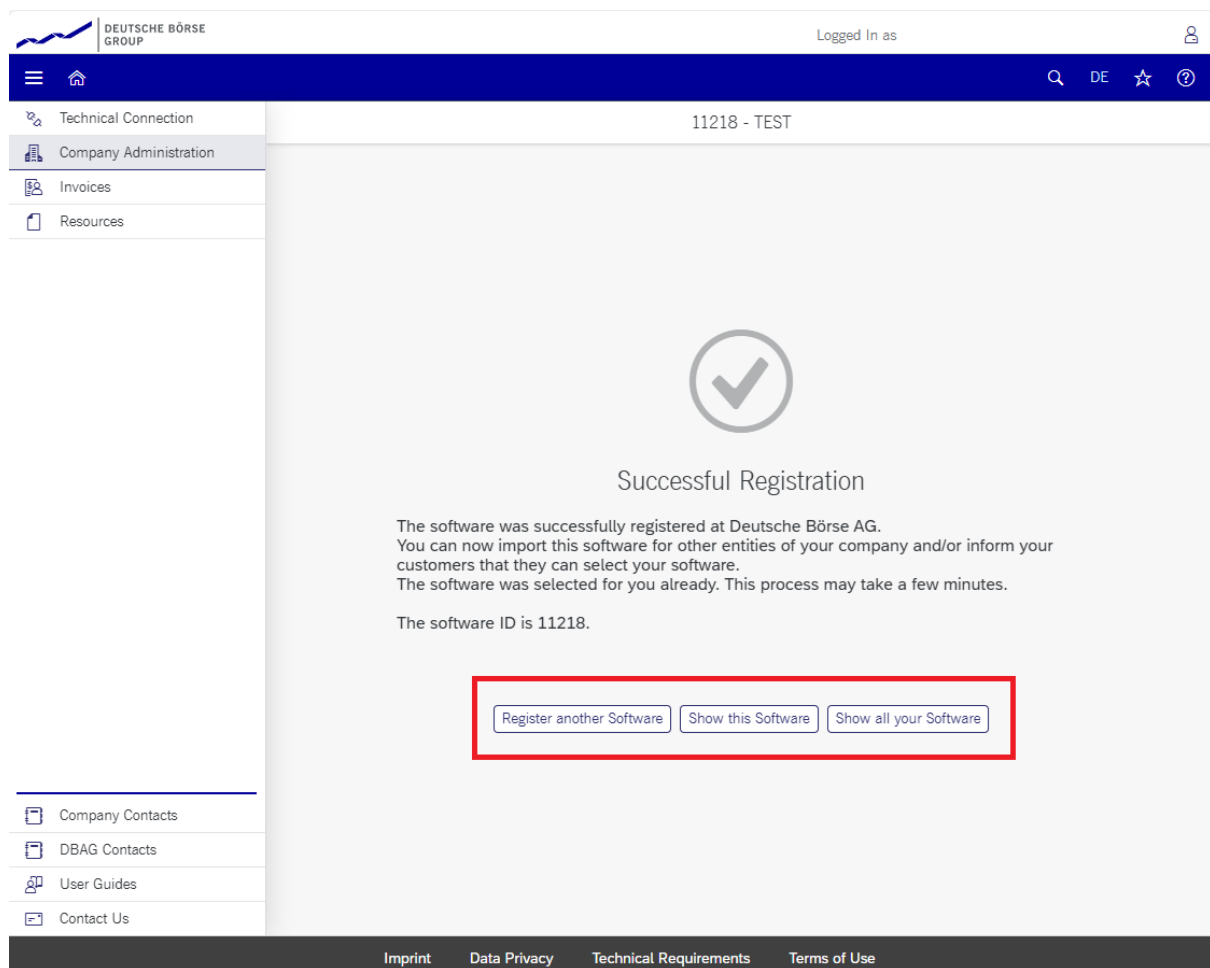

The screenshot displays the 'Software Registration - TEST' review page. The interface includes a top navigation bar with the Deutsche Börse Group logo and a user profile icon. A left sidebar contains menu items: Technical Connection, Company Administration (selected), Invoices, and Resources. Below this, there are links for Company Contacts, DBAG Contacts, User Guides, and Contact Us. The main content area is divided into three sections: 'General Data' (with fields for Software Name: TEST, Supported Market: Eurex Clearing, Business Area: Clearing, Open Access, Trading, and Environment: Production, Simulation), 'Details' (with radio buttons for availability and application types), and 'Back Office' (with buttons for supported functions like Bond/Share Assignments, Collateral Management, etc.). At the bottom right, 'Cancel' and 'Submit' buttons are visible, with 'Submit' highlighted by a red box. A footer contains links for Imprint, Data Privacy, Technical Requirements, and Terms of Use.

Fig 5: Software Registration Market Addition Review Page

Step 6

- You will receive a confirmation message after submitting your software registration application.
- Below, you will find buttons to register new software, view the software you just registered, or access the complete software list.

Example below (Fig 6):

The screenshot shows a web interface for Deutsche Börse Group. The top navigation bar is dark blue with the logo on the left and 'Logged In as' on the right. Below the navigation bar is a sidebar menu with items: Technical Connection, Company Administration (highlighted), Invoices, and Resources. The main content area has a header '11218 - TEST' and a large grey box containing a checkmark icon, the text 'Successful Registration', and a confirmation message: 'The software was successfully registered at Deutsche Börse AG. You can now import this software for other entities of your company and/or inform your customers that they can select your software. The software was selected for you already. This process may take a few minutes. The software ID is 11218.' Below the message are three buttons: 'Register another Software', 'Show this Software', and 'Show all your Software', which are highlighted with a red rectangular box. At the bottom of the page is a dark footer with links for 'Imprint', 'Data Privacy', 'Technical Requirements', and 'Terms of Use'.

Decommission Functionality

4. Decommission functionality to remove software registration

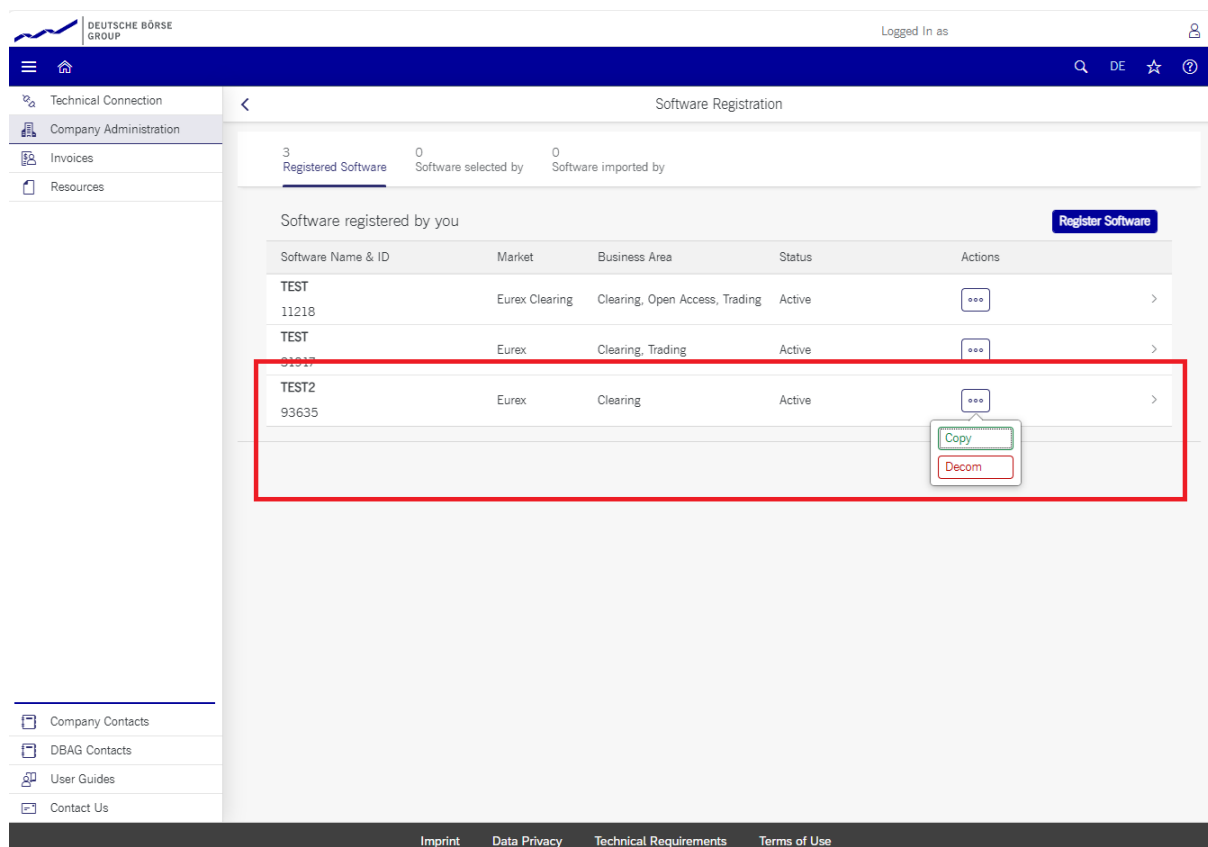

Decommission functionality enables the user to remove the existing software registration in case the software owner stops offering the software for connecting to Deutsche Börse interfaces. This functionality is designed for cases where specific software should be removed entirely, ensuring that it cannot be viewed, imported, or selected by other clients.

Please note that it is not possible to decommission the software which has been selected or imported by other clients or is selected for your own sessions or accounts.

Step 1

- Please click on the three dots located adjacent to the software to be decommissioned.
- Click on DECOM button.

Example below (Fig 1):

The screenshot shows the 'Software Registration' page in the Deutsche Börse Group member section. The page displays a table of software registered by the user. The table has columns for Software Name & ID, Market, Business Area, Status, and Actions. The row for 'TEST2 93635' is highlighted with a red box, and a dropdown menu is open showing 'Copy' and 'Decom' options.

Software Name & ID	Market	Business Area	Status	Actions
TEST 11218	Eurex Clearing	Clearing, Open Access, Trading	Active	...
TEST 81818	Eurex	Clearing, Trading	Active	...
TEST2 93635	Eurex	Clearing	Active	... Copy Decom

Fig 1: Software Decommissioning Selection

Step 2

- A confirmation message will appear, asking you to confirm the software decommissioning.
- Click on YES button.

Example below (Fig 2):

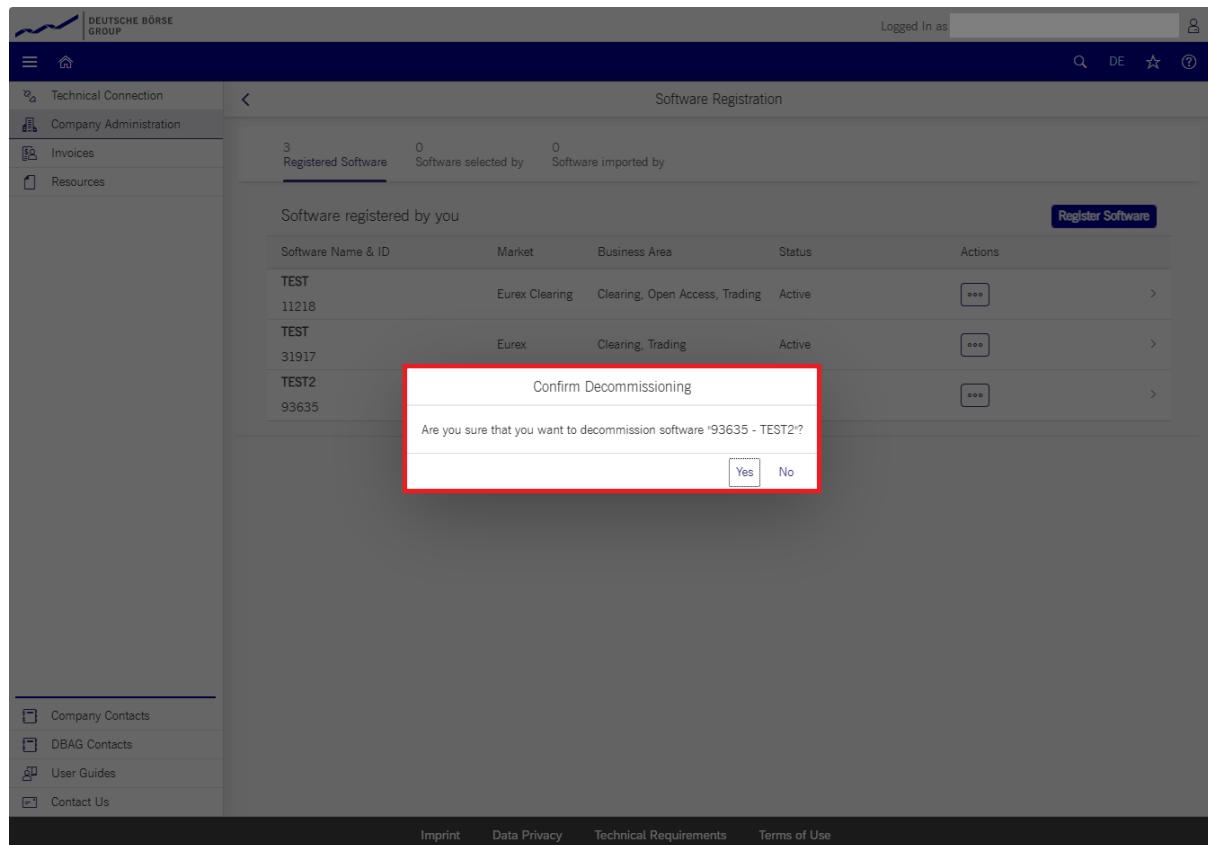

Fig 2: Software Decommissioning Confirmation View

Step 3

- A successful confirmation message will follow.
- Click on OK button.

Example below (Fig 3):

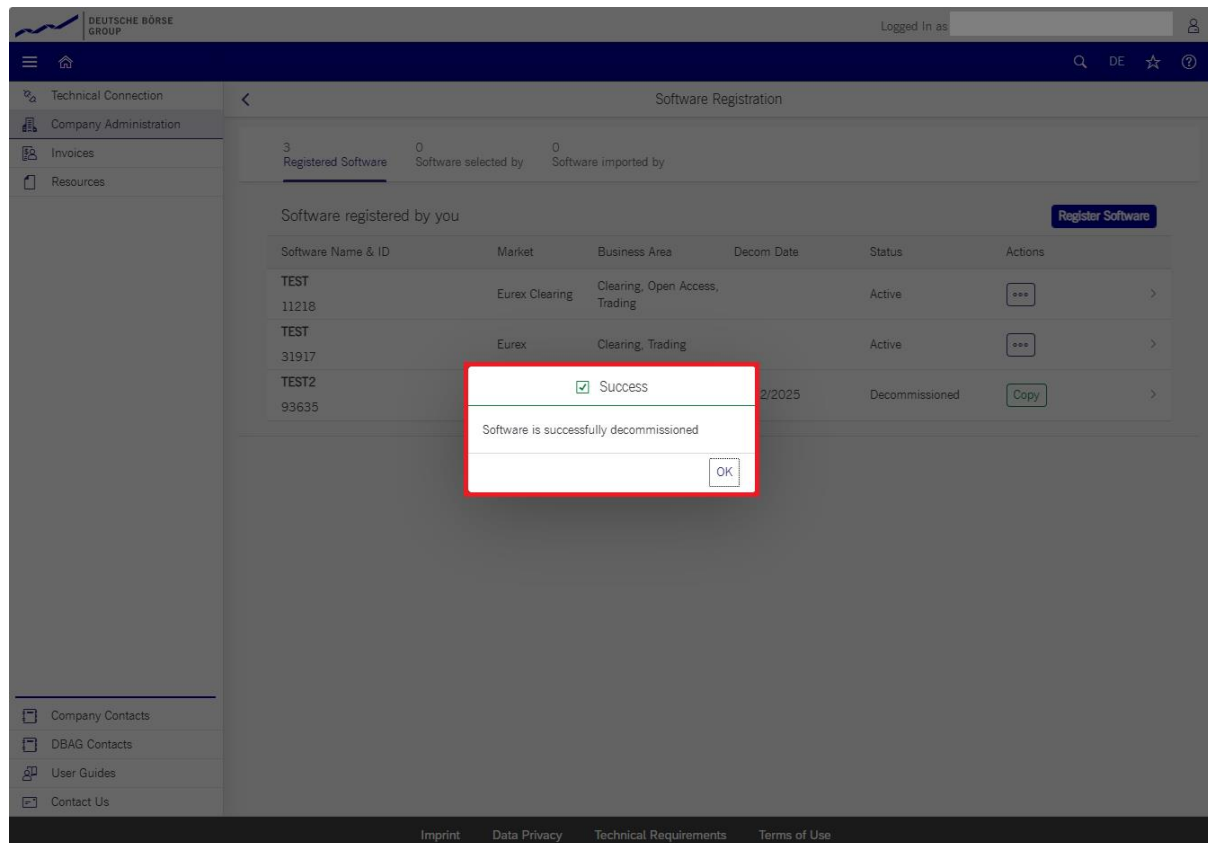

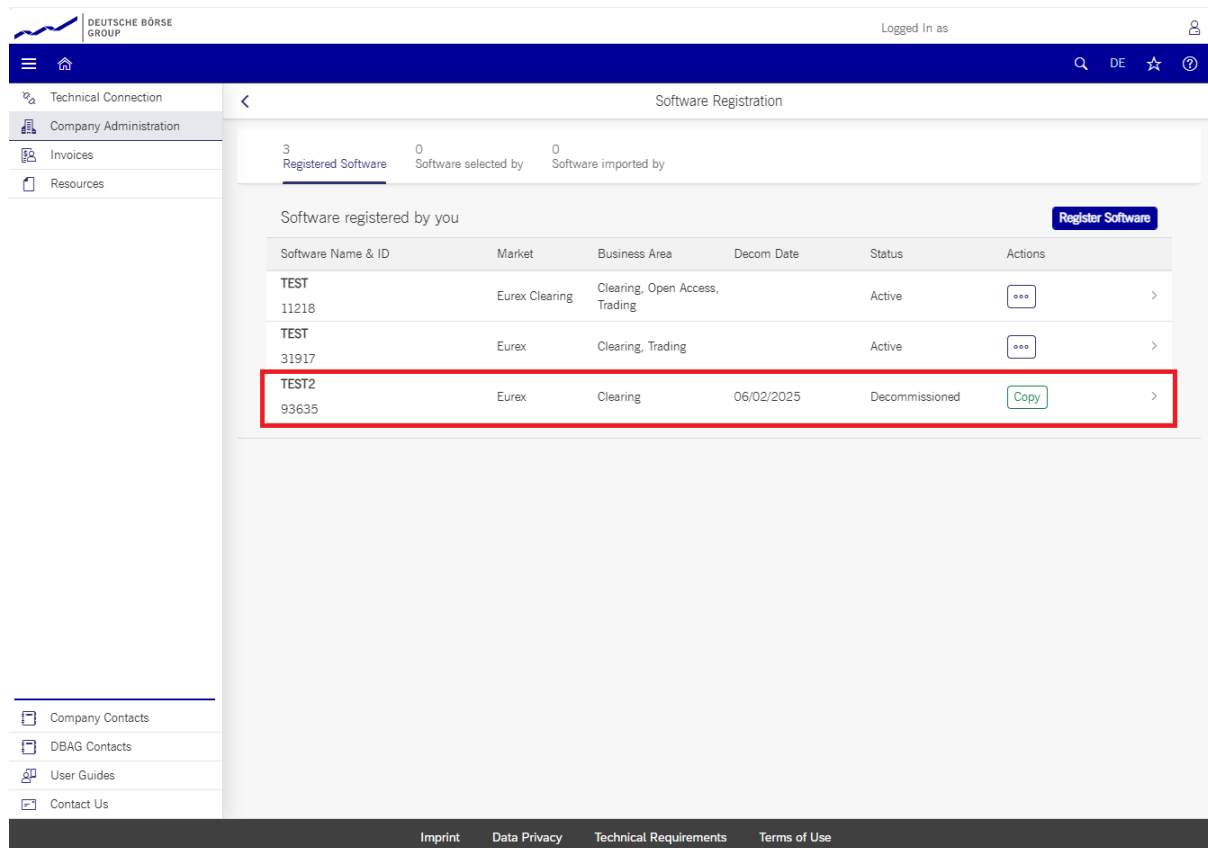

Fig 3: Software Successful Decommissioned View

Step 4

- In the Software Registered view, you can find a list of software that has been successfully decommissioned, along with the date it was taken out of service.

Example below (Fig 4):

The screenshot displays the 'Software Registration' page. At the top, it shows '3 Registered Software', '0 Software selected by', and '0 Software imported by'. Below this, a table lists software registered by the user. The table has columns for Software Name & ID, Market, Business Area, Decom Date, Status, and Actions. The entry 'TEST2 93635' is highlighted with a red box, showing a status of 'Decommissioned' and a decommission date of '06/02/2025'. A 'Copy' button is visible in the Actions column for this entry.

Software Name & ID	Market	Business Area	Decom Date	Status	Actions
TEST 11218	Eurex Clearing	Clearing, Open Access, Trading		Active	⋮ >
TEST 31917	Eurex	Clearing, Trading		Active	⋮ >
TEST2 93635	Eurex	Clearing	06/02/2025	Decommissioned	Copy >

Software Management

5. Software Management

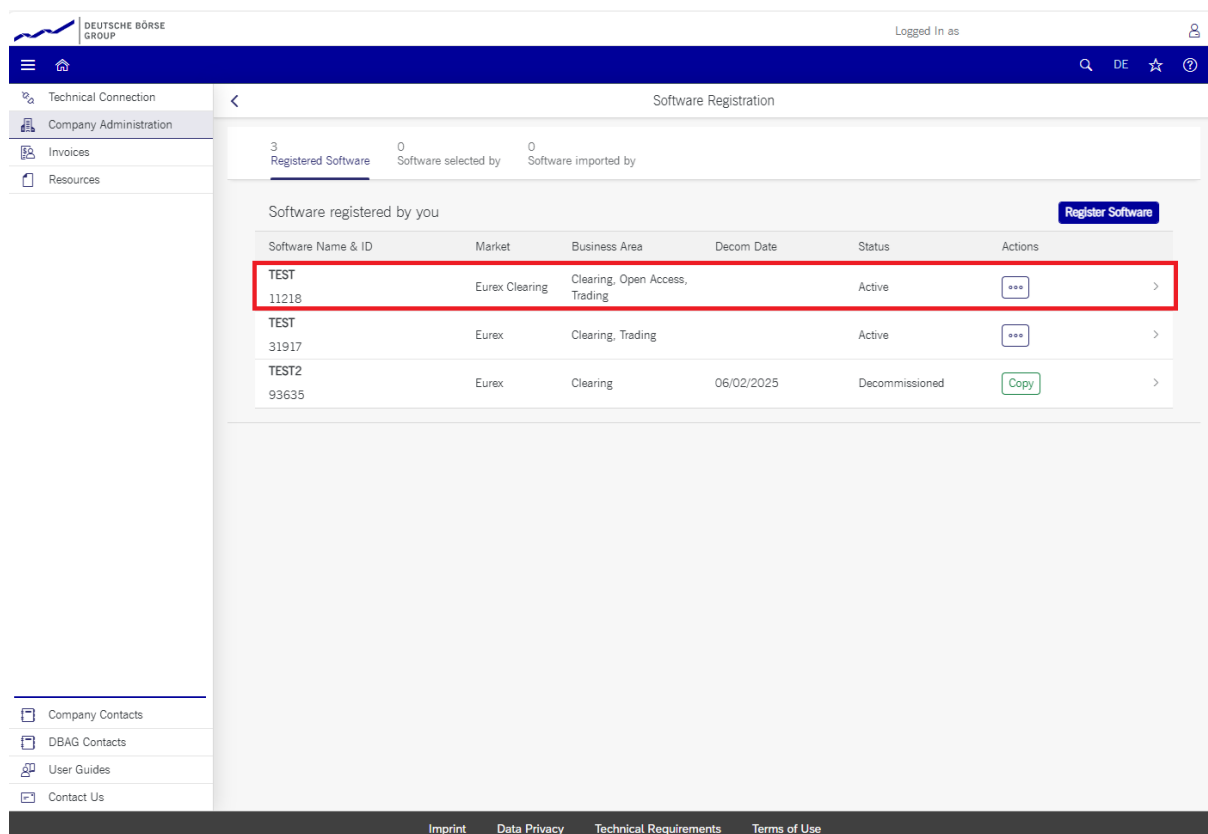

Overview part of the Software Registration provides users with an intuitive interface to view, edit, and manage their registered software information. The overview page serves as a central hub where users can quickly access all the registered software data and utilize additional functionalities. Software Registration overview consists of three main sections:

- Registered Software – to view and manage the registered software
- Software Selected by – to view and manage the software which have been selected by other entities
- Software Imported by – to view and manage the software which have been imported by other entities

Step 1

- The Registered Software view provides a comprehensive list of all the registered software.
- To edit specific software, simply click on it.

Example below (Fig 1):

The screenshot shows the 'Software Registration' overview page. At the top, there are three tabs: 'Registered Software' (3 items), 'Software selected by' (0 items), and 'Software imported by' (0 items). The 'Registered Software' tab is active. Below the tabs, there is a section titled 'Software registered by you' with a 'Register Software' button. A table lists the registered software with columns: Software Name & ID, Market, Business Area, Decom Date, Status, and Actions. The first row is highlighted with a red box.

Software Name & ID	Market	Business Area	Decom Date	Status	Actions
TEST 11218	Eurex Clearing	Clearing, Open Access, Trading		Active	*** >
TEST 31917	Eurex	Clearing, Trading		Active	*** >
TEST2 93635	Eurex	Clearing	06/02/2025	Decommissioned	Copy >

Fig 1: Registered Software Selection

Step 2

- On the software management page, you can edit certain fields of General Data, Details, and Functionalities.

Please note that only the “Environment” field is editable in the General Data.

- You can also decommission your software or import it for another entity from this page.
- To start editing your software, click on the pencil icon on the right.

Fig 3: Entering Selected Software View

Step 4

- On the "Software Selected by" page, you will find a list of all registered software that were selected or requested for selection by other Deutsche Boerse clients.
- You can accept or reject the software selection request or revoke the existing software selection by using the corresponding buttons in the Actions column.
- Please note that it is not possible to revoke an active selection if the software is assigned to sessions or accounts of any client.

Example below (Fig 4):

The screenshot shows the 'Software Registration' page in the Deutsche Börse Group system. The page header includes the logo and 'Logged In as'. A navigation menu on the left lists various administrative functions. The main content area displays a table of software entries with columns for Name & ID, Market, Selected by, Environment, Hosting, Status, and Actions. A red box highlights the 'Actions' column, which contains buttons for 'Revoke', 'Accept', and 'Reject'.

Fig 4: Selected Software View

Step 5

- On the Software Registration page, click on “Software imported by” to see all the software that have been imported by other entities or to import software for another entity.

Examples below (Fig 5):

The screenshot shows the 'Software Registration' page with a sidebar on the left and a main content area. The sidebar contains navigation items: Central Coordinator, Technical Connection, Trading&Clearing Administration, Company Administration (highlighted), Resources, and Reports. Below the sidebar are links for Company Contacts, DBAG Contacts, User Guides, and Contact Us. The main content area has a header with 'Software Registration' and a sub-header with counts: 47 Registered Software, 18 Software selected by, and 10 Software imported by. A table titled 'Software, which you have registered and was imported by another entity' lists software entries with their status and actions. A button 'Import Software for another entity' is visible in the top right of the table area. The footer contains links for Imprint, Data Privacy, Technical Requirements, and Terms of Use.

Software Name & ID	Market	Imported by	Status	Actions

Fig 6: Imported Software Page

Step 7

- To export, choose the desired software from the dropdown menu and enter the Member ID of the recipient entity.
- Click on CONFIRM.

Example below (Fig 7):

The screenshot displays the 'Software Registration' interface. At the top, it shows '47 Registered Software', '18 Software selected by', and '10 Software imported by'. Below this, a table lists software entries with columns for 'Software Name & ID', 'Market', 'Imported by', 'Status', and 'Actions'. A modal window titled 'Import Software for Entity' is overlaid on the table. The modal contains an information icon and text: 'Imported software will be displayed as registered software and selected for the respective entity.' Below this, there are two input fields: '*Software:' with a dropdown menu showing '22193 / TEST', and '*Member ID of Entity:' with a text input field containing 'ABCFR'. At the bottom of the modal are 'Confirm' and 'Cancel' buttons. The background table shows several rows of software, including '22193 TEST' (Selected), '23436 Import test 2' (Selected), '55536 IIII' (Selected), '61638 opmgm' (Selected), '72535 testing the S' (Selected), '77923 Full Set Soft' (Selected), '77923 Full Set Software' (Selected), '81459 Full Set Software' (Selected), '94060 123Selection' (Selected), and '94060 123Selection' (Requested).

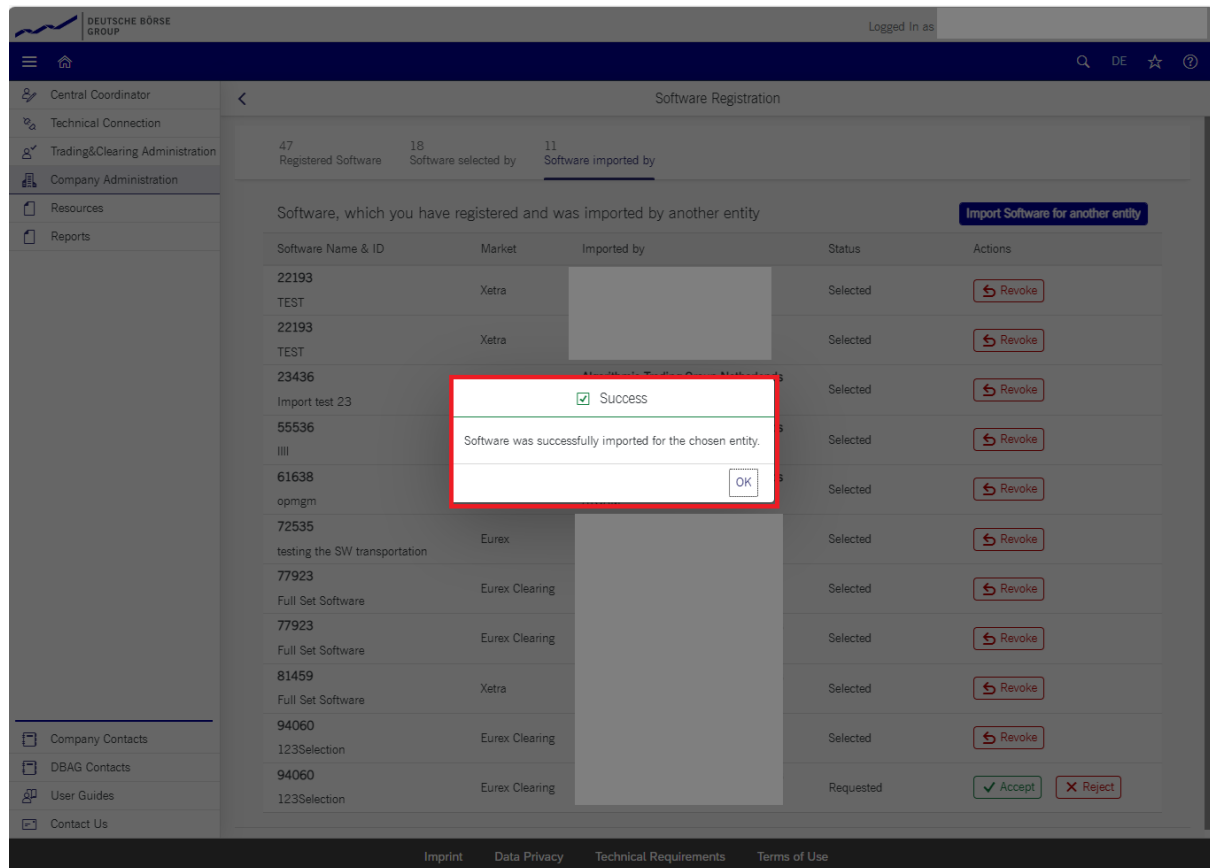

Software Name & ID	Market	Imported by	Status	Actions

81459 Full Set Software	Xetra		Selected	Revoke
94060 123Selection	Eurex Clearing		Selected	Revoke
94060 123Selection	Eurex Clearing		Requested	Accept / Reject

Fig 7: Entering Details to Export Software

Step 8

- A successful confirmation message will follow.
- Click on OK.

Example below (Fig 8):

The screenshot displays the 'Software Registration' interface. At the top, it shows '47 Registered Software', '18 Software selected by', and '11 Software imported by'. Below this, a table lists software entries with columns for 'Software Name & ID', 'Market', 'Imported by', 'Status', and 'Actions'. A modal dialog box is overlaid on the table, displaying a green checkmark and the text 'Success' followed by 'Software was successfully imported for the chosen entity.' and an 'OK' button. The table entries include software with IDs like 22193, 23436, 55536, 61638, 72535, 77923, 81459, 94060, and 123Selection, with statuses such as 'Selected' and 'Requested'.

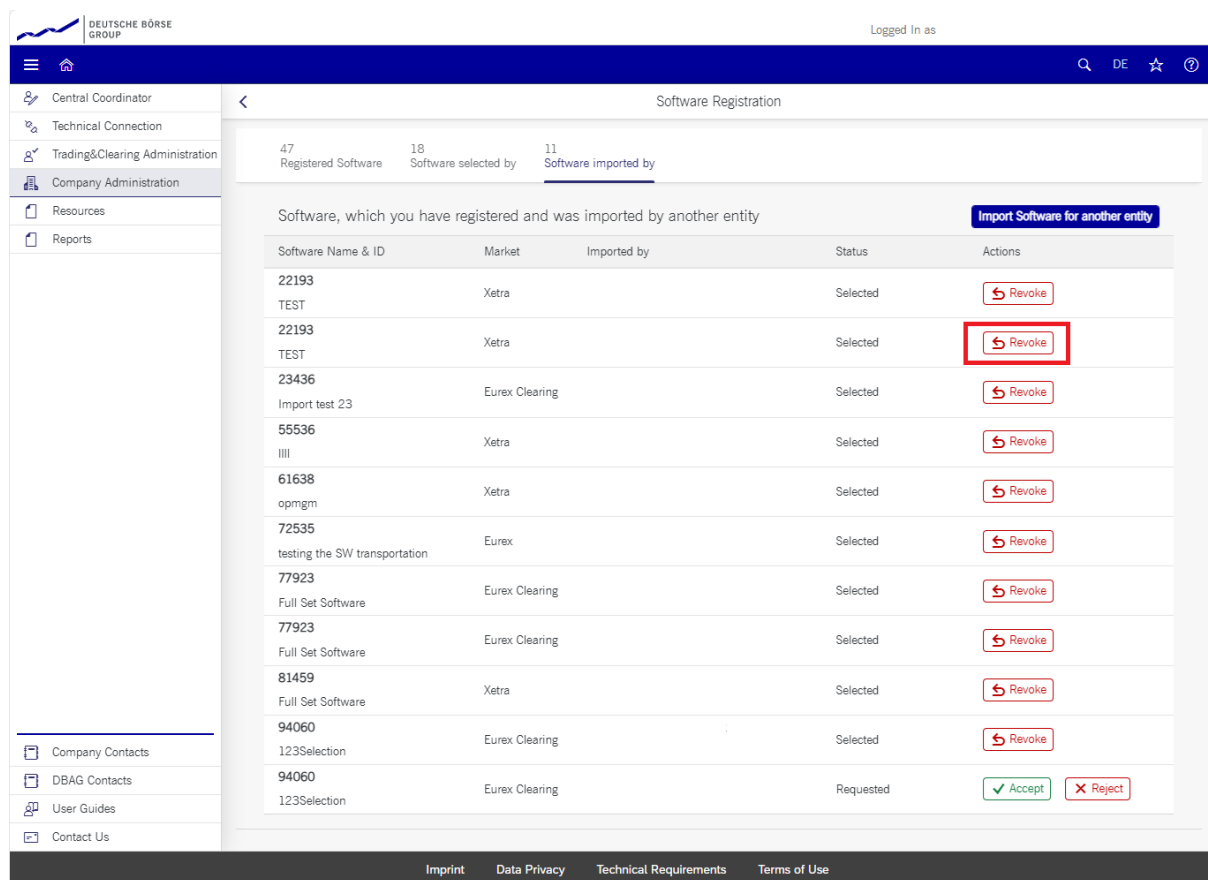

Software Name & ID	Market	Imported by	Status	Actions
22193 TEST	Xetra		Selected	Revoke
22193 TEST	Xetra		Selected	Revoke
23436 Import test 23			Selected	Revoke
55536 llll			Selected	Revoke
61638 opmgn			Selected	Revoke
72535 testing the SW transportation	Eurex		Selected	Revoke
77923 Full Set Software	Eurex Clearing		Selected	Revoke
77923 Full Set Software	Eurex Clearing		Selected	Revoke
81459 Full Set Software	Xetra		Selected	Revoke
94060 123Selection	Eurex Clearing		Selected	Revoke
94060 123Selection	Eurex Clearing		Requested	Accept / Reject

Fig 8: Exported Software Successful View

Step 9

- The newly exported software is now visible in the list.
- To revoke active software import, simply click the REVOKE button located to the right of the corresponding entry.
- Please note that it is not possible to revoke an active import if the software is assigned to sessions or accounts of any client.

Example below (Fig 9):

The screenshot shows the 'Software Registration' page with a sidebar on the left and a main content area. The sidebar includes navigation options like 'Central Coordinator', 'Technical Connection', 'Trading & Clearing Administration', 'Company Administration', 'Resources', and 'Reports'. The main content area displays a table of software entries with columns for 'Software Name & ID', 'Market', 'Imported by', 'Status', and 'Actions'. A blue button 'Import Software for another entity' is visible in the top right of the table area. The table contains 11 entries, with the second entry's 'Revoke' button highlighted by a red box.

Software Name & ID	Market	Imported by	Status	Actions
22193 TEST	Xetra		Selected	Revoke
22193 TEST	Xetra		Selected	Revoke
23436 Import test 23	Eurex Clearing		Selected	Revoke
55536 IIII	Xetra		Selected	Revoke
61638 opmgn	Xetra		Selected	Revoke
72535 testing the SW transportation	Eurex		Selected	Revoke
77923 Full Set Software	Eurex Clearing		Selected	Revoke
77923 Full Set Software	Eurex Clearing		Selected	Revoke
81459 Full Set Software	Xetra		Selected	Revoke
94060 123Selection	Eurex Clearing		Selected	Revoke
94060 123Selection	Eurex Clearing		Requested	Accept, Reject
