Current Situation - T7 Java GUIs

Java Technology:

- ✓ Praised for its security and robustness
- ✗ Rollout of the T7 GUIs is expensive and demanding for customers
- ✗ A specific JRE needs to be installed on the client machine
- ✗ JRE version possibly conflicting with other client applications
- ✗ WebStart like launcher must also be present
- ✗ Application download may take some time
- ✗ Appearance a bit old fashioned by modern standard

Times have changed - The rollout of new software must be effortless for customers

The Solution: Deploy the App to the Web

The new T7 Web Apps:

- ✓ No rollout effort for customers anymore
- ✓ No installation of special software required
- ✓ No landing pages anymore
- ✓ No download time
- ✓ New members can hop on easily
- ✓ Fresh and intuitive user experience
